

Engaging early elementary students in fun, hands-on literacy intervention to help them achieve reading proficiency

## AFTER-SCHOOL PROGRAM

Students in grades 1–3 attend READS twice each week during the school year to work alongside a tutor in project-based learning to increase:

- reading comprehension
- digital literacy
- decoding skills
- reading fluency
- enjoyment of reading

## SUMMER PROGRAM

READS students focus on retention of reading gains through a variety of learning activities and extensions in the summer.

## FY18 HIGHLIGHTS

**91%** of students improved their reading by an **entire** grade level.

**93%** of students reported increased enjoyment of reading for pleasure
