CONSUMER INFORMATION NOTICE

The following information on this posting is being provided to you in conjunction with the New Jersey Department of Environmental Protection, Pesticide Control Programs regulation, N.J.A.C. 7:30-9.12. It is designed to inform you of important information concerning safety and treatment history of this establishment's pesticide usage.

Sanitation, as well as physical and biological control measures, should be considered as another part of a good pest control program. Pesticides may be used as another part of a good pest control program. Pesticides are substances used to control living organisms and vary in degree of toxicity.

Parties interested in general health information, may contact the National Pesticide Information Center at (800) 858-7378. For emergency situations, contact the New Jersey Poison & Education System at 1 (800) 222-1222. New Jersey DEP, Pesticide Control Program informational Number is (609) 984-6507 (This number is for pesticide regulations information, complaints & health referrals.).

Upon request, a copy(ies) of the pesticide label for the pesticide(s) listed above will be provided by the contracting party or the applicator business listed above.

I, the undersigned, have read and understood the above information. I also understand that the New Jersey Department of Environmental Protection, Pesticide Control Programs regulation, N.J.A.C 7:30-9.12 requires that the above information be posted for the benefit of the building's employees. I agree to allow the above mentioned Applicator Business to post the document in accordance with these regulations.

PRECAUTIONS:

1. During any applications of pesticides, humans and pet should not contact treated surfaces until the spray has dried.
2. Cover or remove all food and food processing equipment during application if necessary.
3. Food processing equipment and food-contacting surfaces should be washed following application if pesticide has contacted them.
4. Ventilate the area following treatment.
5. Do not reenter areas treated with a space applicator until advised by the applicator.
6. May be harmful or fatal if swallowed or absorbed through the skin because this material may reduce the clotting ability of the blood and cause bleeding.

| APPLICATOR OR BUSINESS NAME | ADDRESS | PHONE NUMBER |
|-----------------------------|---------|--------------|
| | | |

Dear Customer:

The New Jersey Department of Environmental Protection (DEP) Pesticide Control Regulations require us to provide you with the information contained in this notice regarding pesticide use on your property. No application shall be made until the customer or resident has had an opportunity to review this information. The table below lists the mandatory pesticide label instructions and precautions that could affect you for the pesticide(s) we will use on the proposed date of application. No application should begin unless all pre-application instructions and precautions have been followed. If any of the information in the table below should change, we will issue to you a **new** Consumer Information Notice reflecting that change.

Upon your request, we will inform you of the exact dates of pesticide application before the application takes place.

| BRAND NAME (or CODE #) | CHEMICAL NAME (or CODE #) | APPLICATION DATE(S) (Approximate) | INSTRUCTIONS AND PRECAUTIONS |
|---------------------------|------------------------------|--------------------------------------|---------------------------------|
| | | | |
| | | | |
| | | | |
| | | | |
| | | | |

You are entitled by the New Jersey Pesticide Control Regulations to request and receive from us the specific label for each pesticide that will be used on your property. Furthermore, **if this is a contract for termite control** (using pesticides other than termite baiting systems) we are required to give you a copy of a summarization of the regulations regarding proper application of termiticides (N.J.A.C. 7:30 –10.4).

We are also required to provide the following phone numbers for your use in the event you have questions concerning the materials that we will be using:

| | |
|--|-------------------------|
| New Jersey Poison Information & Education System (Emergencies) | 1 (800) 222-1222 |
| National Pesticide Information Center (general health and toxicology info.) | 1 (800) 858-7378 |
| New Jersey DEP Pesticide Control Program (This number is for pesticide regulation information, complaints & health referrals.) | (609) 984-6507 |

Sanitation, as well as physical and biological control measures, should be considered as part of a good pest control program. Pesticides may be used as another part of a good pest control program. Pesticides are substances used to control living organisms and vary in degree of toxicity.

As the customer, I acknowledge that _____ has provided me, in writing, all the information required by the NJ DEP Pesticide Control Program's notification program. I have read the information supplied and understand my rights and responsibilities under this program.

Signed: _____ Date: _____

PLEASE RETURN THE SIGNED PORTION OF THIS CONSUMER INFORMATION SHEET TO US.
